## CALIFORNIA ORAL SEDATION

The passage of AB 2006 prohibits, after December 31, 2000, any dentist from administering oral conscious sedation to minor patients under 13 years of age without a certificate from the Dental Board. Pursuant to B & P Code Section 1647.12 (a) A dentist who desires to administer, or order the administration of, oral conscious sedation for minor patients, who does not hold a general anesthesia permit as provided in Sections 1646.1 and 1646.2 or a conscious sedation permit as provided in Sections 1647.2 and 1647.3, shall register his or her name with the board on a board-prescribed registration form. The dentist shall submit the registration fee and evidence showing that he or she satisfies any of the following requirements:

- 1) Satisfactory completion of a postgraduate program in an oral & maxillofacial surgery, pediatric dentistry, or periodontics at a dental school approved by either the Commission on Dental Accreditation or a comparable organization approved by the board.
- 2) Satisfactory completion of a general practice residency or other advanced education in a general dentistry program approved by the board..
- 3) Satisfactory completion of a board-approved program on oral medications and sedation.
- 4) For an applicant who has been using oral conscious sedation in connection with the treatment of minor patients, submission of documentation as required by the board of ten cases of oral conscious sedation satisfactorily performed by the applicant on minor patients in any three-year period ending no later than August 31, 1998.

As of the publication of this newsletter, the following providers have received approval from the Board for courses that meet the requirements of #3 above pursuant to the California Code of Regulations Section 1044.3.:

- ⇒ Loma Linda University (LLU): Dept of Continuing Education: (310) 206-8388 - *June 18, 19, 20, 2001.*
- ⇒ University of California at Los Angeles (UCLA), Continuing Education Department: *March 1, 2,3,* for additional information, call (310) 206-8388.
- ⇒ CME Associates: *March 2, 3, 4 and June 2, 3, 4.* (714) 998-2208
- ⇒ University of California @ San Francisco (UCSF) Dept of Growth & Development - For Fall scheduling of courses, please call (415) 476-1101.

## DENTAL MATERIALS FACT SHEET

The updated Dental Materials Fact Sheet is currently in the research stage; when finalized, it will be made available to all interested parties upon request. If you wish to be on the list to receive a copy, please call (916) 263-2300, ext. 2309.

## LIVE SCAN FINGERPRINTING

The California Department of Justice (DOJ) has implemented a new *Live Scan* fingerprinting system in which applicant fingerprints are submitted electronically for a background check. For applicants with no record of criminal activity, the new system will provide response from DOJ in approximately 3 days and from the FBI in 7-15 days. Previously, the time period for response on fingerprints was 30 days or longer.

When the Board receives an application for license or permit, a "Request for *Live Scan* Service" form is mailed to the applicant with instructions and a list of *Live Scan* locations. *Live Scan* service has approximately 150 sites throughout California.

The applicant then schedules an appointment with a *Live Scan* service location. The *Live Scan* operator will enter identifying information, scan the applicant's fingerprint and collect a fee. The information is then transmitted electronically to the DOJ for processing. On completion, DOJ will sent the response to the Board via electronic mail. All applicants for license or permit are required to undergo a fingerprint check by the DOJ and the FBI.

**DID YOU KNOW . . .?**

If you did not receive your dental license renewal or other pertinent Board information, it may be that we do not have your current address. If you received the renewal forms and sent in the required fees, but did not receive your renewed pocket ID, it could be that the renewal form was not completed as required. Always be sure to certify that you have earned the required 50 units of CE, sign and date the form and complete the area that asks about misdemeanor or felony convictions. Any omission of the required information will cause a "hold" to be placed on your license and your license will not be renewed or issued until the necessary information is provided. If you did not receive your renewal form, you may call the Board office and request a duplicate renewal form be mailed or faxed to you. However, even if you did not receive the courtesy renewal notice from the board, it is your responsibility to renew your dental license in a timely manner.

REMINDER - Effective January 1, 2001, applicants for additional office permits will no longer be required to complete a schedule showing 50% attendance in each office. Instead, certification will be required to show compliance with several conditions for ownership prior to issuance of a permit. IF YOU HAVE OWNERSHIP IN ANY OFFICE OTHER THAN YOUR PRIMARY LOCATION, YOU MUST OBTAIN AN ADDITIONAL OFFICE PERMIT.

**CONTINUING EDUCATION UPDATE**

For renewal of a dental license, fifty (50) units of continuing education credits are required and must be obtained through a California Continuing Education Registered Provider. In addition, a Basic Life support (BLS) course is required for each renewal period. The BLS course may count as part of your 50 units only if the number of course hours are included on the card, or on the certificate of completion.

**REMINDER**

- ♦ It is the responsibility of a licensee to practice within the scope of his/her license, permit or certificate.
- ♦ If you wish to enroll in out-of-state courses for CE credit for California license renewal, please contact the board to ensure the courses are within the requirements of California law for continuing education.
- ♦ With an *inactive* license, you may not practice dentistry, have active involvement in the daily operations of a dental practice, review dental records, do consulting, or write prescriptions. An inactive status only exempts the licensee from the continuing education requirements for renewal.
- ♦ For license renewal, CE courses must be obtained via a CE provider registered with the Board.

## COURTESY NOTIFICATION OF DELINQUENT DENTAL LICENSES

To ensure that a license is not inadvertently canceled by operation of the law pursuant to Business & Professions Code Section 1718.3, the Board is providing the following listing. The list contains licensees who have not renewed within the last two renewal cycles (96-98 and 98-00), and those whose licenses are canceled or ready to be canceled. Unless otherwise noted, licensees listed below have a California address of record. Some licensees may be retired, deceased, or out of state. If you have information that will assist the Board in determining their status, please call.

*Every effort has been made to ensure the accuracy of the information contained herein. Official confirmation of the status of a license may be obtained by calling the Dental Board of California at (916) 263-2300.*

## FIVE EASY WAYS TO CUT YOUR ENERGY USE

*Courtesy of*  
*DEPARTMENT OF CONSUMER AFFAIRS*

- \* **DON'T MAX OUT** - Minimize energy use during peak demand hours of 5-9 AM and 4-7 PM.
- \* **IT'S A MATTER OF DEGREES** - At home, turn your thermostat down to 68° during the day and 55° at night. You'll save 5% on heating bills for every one degree you lower your thermostat.
- \* **KEEP THE 'FRIDGE FROM FROSTING YOU** - Refrigerators use one-sixth of your home's energy. Remove dust from coils; check door seals. You can set the temperature as high as 38° without food spoilage. Consider getting rid of the old refrigerator in your garage.
- \* **WATTS UP WITH WATER HEATERS, WASHERS, DRYERS AND DISHWASHERS?**  
Remember to wash full loads and use lower temperature settings whenever possible. Purchase "*Energy Star*" models for greatest savings. Line dry clothes if possible; insulate water heaters; take shorter, cooler showers, or lower water temperature to 120°.
- \* **ZAP THE MEGAWATT MONSTERS** - Turn out lights in empty rooms and convert to fluorescent bulbs. Limit play on video games and cut use of appliances. When not in use, turn off computers and other electronic equipment completely. Unplug electric charger when not in use (e.g., cell phone chargers). ▢
